

Steve Henderson

District Councillor's report Feb'22

Most of this month's activity has been dealing with planning enquiries. Namely, the development at the Norbins Road car park. Questions from an adjoining neighbour and concerns from neighbours of Papa John's pizza takeaway regarding parking, condenser noise and rubbish management. All are being dealt with.

I also attended a virtual meeting of the Sports Cluster and for the first time, met and spoke to the Project Manager, Thomas Bean.

Although it may not seem so, progress is being made, and I am excited by the enthusiasm of all involved. There will be an open day to explain exactly where the Glastonbury Leisure Project is at on Friday 25<sup>th</sup> Feb in the Town Hall.

County Councillor Liz Leyshon will be giving an update in her report.
