

AFFORDABLE SOLAR PANELS FOR GLASTONBURY RESIDENTS

Local installers **Sunlit Solar**, with support from Glastonbury Town Council, are delighted to offer a community discount for residents of Glastonbury and surrounding areas; e.g. 10 panels / 3.7 kW system from £4000!*

This bulk purchase offer is not to be missed.

Minimize your electric bills

Money back for your investment on electricity you export to the grid

Be part of the energy solution to the climate emergency

Produce your own renewable energy and secure your future electricity needs

Jon Cousins, Mayor of Glastonbury says: *“Being able to reduce the cost of installing solar panels through this bulk-buying initiative is a ‘win-win’ situation – residents will benefit by saving money and the renewable energy generated will help Glastonbury move toward our target of net-zero carbon by 2030. A genuine, positive step towards resilience at a time of climate emergency.”*
